Rosie-Maria Love

Rosie-Maria first heard Jeshua when she was in her early 20s while suffering from Bulimia. She had given up all hope of recovering and felt that suicide was the answer. She then clearly heard a voice tell her exactly what to do to heal the addiction. Not knowing at the time that it was Jeshua, she was desperate enough to listen to the voice. She did exactly what was suggested and she fully recovered.

She hit another rock bottom in her life 15 years ago, when she realized she had been seeking her happiness, safety and security in a relationship with a man who was an alcoholic. Not knowing who she really was, her search for truth and meaning began with Alanon (The Twelve Step program for those affected by someone else's drinking). She felt she had finally found an answer to why we are here and why we appear to be experiencing so much suffering. She felt a strong connection to Jeshua that has just deepened over the years and brought her so much peace, clarity and meaning!

After studying “A Course in Miracles” for a couple of years she heard a booming voice call out to her one morning: “Be wanted by God and not a man!” After several more years, continuing to be in a dysfunctional relationship, desperately wanting this message to be wrong, she came across “A Way of Mastery.” A channelled audio and book from Jeshua that really opened her Heart to Loving herself more. She eventually knew that she needed to seek *only* the Love of God above all else, before entering into another relationship.

In August 2013, she decided to fully surrender to God and only serve the atonement. She sold her house and gave everything away. Within only a month, she had a powerful awakening experience where she fully realized her Christedness. Since then, she has been traveling the world sharing her love and wisdom with those she meets. She offers workshops that assist people in feeling themselves as Unlimited Love, so they have a palpable experience and not just an intellectual idea of who they truly are. She offers One-to-One sessions using Radical Inquiry and Love’s Breath. She leads women's groups devoted to healing what can only be healed when women gather together. She fully walks her talk and shares the miracles that have unfolded in her life due to her trust in the teachings of Jeshua.

Spreading joy and laughter where ever she goes, Rosie-Maria fully embraces sincerity not seriousness.

Expressions of Love from those she has touched

The "Celebrating Your Life as Christ" workshop with Rosie Maria Love was simply miraculous as she soulfully guided us on a journey of profound transformation. The exercises were simple, yet, to receive, extend and be as Christ for the full day with others who were dedicated to see and honor Christ in every single moment is wholly beyond words and palpably felt in every atom of my being. I am so grateful for you Rosie. Ken C.

Celebrating myself as Christ with my brothers and sisters was a very profound and deeply moving experience I did not expect, By honoring the Christ in myself, I was able to honor the Christ in the other. This was a most moving experience that brought tears to all who were involved. Dee B.

I felt the entire day flowed beautifully, starting with the meditation and Love's Breath allowed me to relax and settle into the willingness to be open and vulnerable. Acknowledging others as Christ from that space was easy and from that grew a field of energy that embraced us all. Receiving acknowledgment was especially moving and humbling and from that I could literally experience the truth that 'Only Love is Real'. Thank you for setting the context that gave me a taste of Reality. I want to live there, more and more and more. Thanks for being such a beautiful and energetic spark of Light. I love you. Rick M.

Rosie Maria, you are a dear gift from Divine Mother, a light on our path. Wow!

When Rosie Maria Love walks into a room, one might think as I did, "Who is this, I want what she has, I want to learn what she's learned."

As a Pathway Teacher Rosie Maria reveals her own path of transformation from fear to Love and joyous surrender through the embracing of deep self-honesty, which Jeshua says is the greatest act of love that the mind can experience.

In her workshop, Rosie Maria created an atmosphere of playfulness and safety where it became possible to look deeply within myself at what remained unforgiven, to express and release it. It truly was a heart-healing experience. Anne K.
