

# THE WAY OF MASTERY

## **Axioms:**

- 1) I am created as my Father created me to be. I am Free. And nothing sources my experience but me, in each moment. Nothing has an effect on me, whatsoever, save that which I choose to allow to effect me.
- 2) I need do nothing.
- 3) I do not live any ordinary moments. With each breath, my experiences are the stepping stones laid before me of God, to guide me home. Therefore, I will bring awareness to each moment and allow it to teach me how to forgive, how to embrace, how to love and, therefore, how to live fully.
- 4) The only relationship which holds any value at all is your relationship with God, your creative Source.

## **Keys to the King/Queendom:**

Desire, Intention, Allowance, Surrender

## **Love:**

Love allows all things, Love accepts all things, Love trusts all things, Love embraces all things and therefore Love is transcendent of all things.
